

## Indwell's Strategic Plan 2021 – 2024

As we grow wisely, we will support over 1,500 people with affordable homes & therapeutic relationships (100% growth by July 2024).

### Tenacious Tenant Care

We believe our tenants deserve the best opportunity to move towards wellness and this requires a relentless pursuit of the very best homes and care we can provide.

### Thriving Staff

When we care for ourselves and each other as staff, we are able to care for others and accomplish our mission comprehensively.

### Responsible Growth

We need to grow to meet the demand for supportive and affordable housing. We need to ensure that our systems, capacity and resources sustain this growth.

### System Disruption

People are best served if Indwell leads the way in bringing together the strengths of government, healthcare providers, faith communities, advocates, and citizens, to create real change.
